

Table of Delegation

Background and Approach

The Board of The Partnership Trust (TPT) is accountable in law for all decisions about the Trust and its schools. It is vital to ensure that there are systems in place to ensure that the Board is assured about the quality of education as well as the safety and good practice within the Trust. However, this does not mean that the Board is required to undertake all tasks or make all of the decisions itself.

This document outlines delegated responsibilities for the key governance tiers of TPT. It sits alongside, but does not seek to replicate information contained in other key documents such as the Articles of Association, Scheme of Delegation, Financial Regulations or policy schedules.

The purpose of this Table of Delegation is to provide clarity and support in understanding the roles and responsibilities of those who contribute to the governance and oversight of the Trust and its Schools. All those with governance and management responsibilities must be familiar with it so appropriate steps can be taken to ensure sufficient and proper challenge of those with leadership responsibilities, with regard to performance of the Schools and financial stability within the Trust.

Mission, Vision and Values

This document is underpinned by TPT's mission realised through a collective commitment to its values of equity, respect and collaboration and vision as set out below:

There is an expectation that all involved with governance of the Trust and Academies are committed to undertake their roles in line with Nolan’s seven principles of public life: selflessness, integrity, objectivity, accountability, openness, honesty and leadership.

Governance Model

TPT is a multi-academy trust and company limited by guarantee. Details of Trust Members, Trustees and senior staff, including business interests and attendance at meetings, can be found within the Trust Governance Plan and on the Trust’s website.

TPT has set up a governance model that ensures clear and non-duplicative roles and responsibilities within the overall governance structure. There is clear separation between Members and Trustees, and Executive and Non-Executive. The Executive team facilitates communications between levels of governance as well as a culture of regular self-evaluation.

The Trust’s governance structure is as follows:

- **Members:** the guardians of the constitution (Articles of Association) who ensure the charitable objects are fulfilled. As outlined in the Department for Education’s Governance Handbook, members have a strategic ‘eyes on, hands off’ role. Given Members’ roles, they are not included on the breakdown of delegations as set out below, however it should be noted that their responsibilities include:
 - Amending the Articles of Association
 - Appointing or removing Members or Trustees
 - Changing the Trust’s name.
- **Board of Trustees** (also known as Directors under company law): accountable to the Members, Secretary of State for Education and the wider community for the quality of the education provided to students and for the appropriate expenditure of public money. The Board hold ultimate legal accountability for all aspects of operational delivery and are required to have systems to assure themselves of the quality, safety and good practice of the affairs of the Trust. The Board delegates some responsibility including for day to day management.
- **Local Governing Bodies (LGB):** accountable to the Trust Board, provide a crucial challenge and support role and have some delegated responsibilities particularly for their own school.
- **Chief Executive Officer (CEO):** delegated responsibilities for operational running at Trust level and supporting Academies and governance. The CEO is the Accounting Officer and they are supported by the Chief Operating Officer who is the Trust Business Director.
- **Headteachers:** responsible for the performance and defined operational delivery areas within their own Academy including oversight of their senior leadership team.

Audience

This summary document is designed for use by key governance stakeholders within the Trust as well as externally. It will be made available on the Trust’s website.

Structure

The document is divided into key areas of responsibility and activity. The main approval levels used in this document are:

- | | |
|------------------|--|
| Approve | Responsible for approving a document or process and, where appropriate, determining how the task will be undertaken including defining appropriate milestones and targets to be reported against. Where this relates to appointments, for example of a lead trustee role, this is included in the delegations as ‘ Appoint ’. |
| Consulted | Will be consulted as part of the process of completing a task. Their contributions <i>may</i> inform the approach or decision. |

Deliver	Operationally responsible for undertaking a task and reporting on its delivery at suitable intervals. It is recognised that the person responsible for delivering specific areas of work may draw on other resources or work with colleagues. As an example, whilst the Headteacher's ' deliver ' the budget for their own school, they will work with other colleagues, including those in finance, in order to do this.
Informed	Will receive one way information on decisions or approaches.
Monitor	Will consider actions being planned or taken or progress made as part of the process of completing a task. Where required, this monitoring role may include suggesting action to be taken to contribute to the task being delivered appropriately.
Prepare	Responsible for developing documents or information, processing and collating information for approval or review. It is recognised that the person responsible for preparing specific areas of work may draw on other resources or work with colleagues.
Recommend	Will make recommendations as to how a task, decision or approach should be undertaken or completed. The recommendation will <i>usually</i> inform the approach or decision.
Report	Responsible for reporting on the delivery of tasks, in some cases after a review of delivery undertaken by others or drawing on input from colleagues, for example on financial monitoring or reporting. The document refers to internal reporting, for example from the CEO to the Board, but does not seek to capture external reporting, for example to the ESFA or Companies House.
Review	Responsible for reviewing whether a task is being carried out satisfactorily and, where appropriate, requiring action to be taken to ensure task is delivered appropriately.

Approval and Review

The TPT Summary Scheme of Delegation will be reviewed at least annually and approved by the Trust Board, so that the roles and responsibilities can be updated to reflect organisational priorities, good practice and updates to requirements or legislation.
